Search Notes

Examiner Nguyen,

Attached is the completed search for a compactor that couples with a compactor. I searched the inventors in the patent literature and the results are included. I did an extensive search on the requested topic in bibliographic and full-text databases as well as on the Internet.

I found several items that I think might help you – they are marked with blue flags. Please look over all the results as there may be other items of interest. I have attached the search strategies used for the searches performed.

If you have a moment, please fill out the attached STIC Feedback Form. If there is anything I can do to refine or revise this search, please let me know.

Sincerely,
Ethel Leslie
